If you have information to share please get in touch. This latest version has finally sorted out the images we have. A recent release on the website "Letters of our Lives" pulled a story and letters about a WW1 soldier. Some minor additions and corrections to southern England families. The release of the new birth and death details from the GRO has enabled previously unlinked children to be linked to families, and supplied mother's maiden names which we previously did not know, but we have just scraped the surface a lot of information has yet to be collected and added. More than a few contacts have supplied information which has added to our knowledge

Although every effort has been made to verify family ties, please do not take it as gospel, you are advised to check with your own research.
